

ANS 2:

Ans 2) `public class Main  
{  
 public static void Main(String[] args)  
 {  
 for (int i=1; i<=5; i++)  
 System.out.println(i);  
 }  
}`

Akrati

```
public class Main
```

```
{
```

```
    public static void main(String[] args) {
```

```
        for(int i = 1; i <= 5; i++)
```

```
        {
```

```
            System.out.println(i);
```

```
        }
```

```
    }
```

```
}
```

```
9 public class Main
10 {
11     public static void main(String[] args) {
12         for(int i = 1; i <= 5; i++)
13         {
14             System.out.println(i);
15         }
16     }
17 }
18
```

```
1
2
3
4
5
```
